NOTES: 1 The numbers in the sample to which the estimates in this table relate are given in table 124 for gross weekly earnings and table 125 for gross hourly earnings. Those tables also give the corresponding averages (means).
2 Results are only given for age-groups where the estimates of average gross weekly and hourly earnings are based on sample sizes of at least 50 and have standard errors of not more than 4.0 per cent of the average.
